A Bennett Company

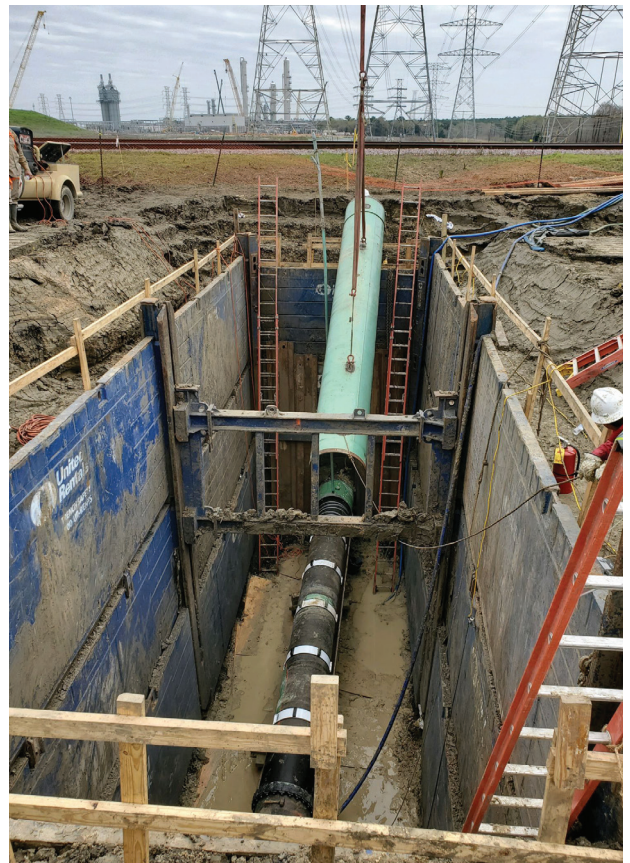

Shamrock Farrell, a family-owned and operated Gulf Coast contractor, has an impressive 47 years of experience delivering quality general mechanical construction services with an unwavering commitment to collaborate with its customers. Shamrock Farrell's uncompromising safety standards and utilization of the best operational practices have strengthened the company's stability and enhanced the diversity of the comprehensive portfolio of services it offers and delivers.

QUALITY & EXPERIENCE

The experience and capabilities of our seasoned team members enable Shamrock Farrell to deliver the highest levels of quality performance within the work scope, while ensuring complete code compliance. Our quality processes deliver best practices and uncompromised quality throughout the lifecycle of each project. Our ongoing commitment to collaborate with customers from start to finish and beyond results in consistent project success and unparalleled customer satisfaction.

HEALTH & SAFETY

Each Shamrock Farrell team member is committed to and follows a behavior-based safety program that promotes individual ownership, fosters teamwork and enhances daily on-site safety practices. The safety and well-being of our employees, customers and work environment remain the most important performance aspects of the services Shamrock Farrell offers. We are relentless in our focus on safety in the field, resulting in meeting or exceeding customers' safety expectations and the achievement of numerous safety recognitions.
